Product and specifier's guide
Supply and Fix or Supply Only
Established in 1979

A.R.M.

Fibrous Plaster Mouldings Ltd.

A.R.M. Fibrous Moulding Contractors specialise in all types of fibrous plaster works including restoration, GRP and GRG.

This catalogue represents only the standard items A.R.M. offers, all of which we stock in our show room. We can offer much more than appears in these pages. Our standard range has been selected to meet the typical needs of the designer whose aim is to add value and customer appeal to new builds and refurbishment of older properties.

A design service is available to assist you with your individual projects.

All works can be fixed using our own craftsmen to obtain the best possible finish.

Products are available to purchase only for anyone wishing to undertake the installation themselves. We are happy to offer you any advice and help with your requirements.

A.R.M. is able to match any existing mouldings and manufacture curved cornice and skirtings, with new products continuously being added to our range.

Thanks to the skills, dedication and hard work of A.R.M.'s craftsmen, the company continues to flourish, winning contracts both here and overseas.

CONTENTS

Cornice Mouldings	1 - 49

Cornice Mouldings

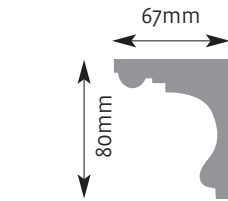

All Cornice mouldings are approximately 3m in length, except where stated.

Cornice mouldings are also reversible except for mouldings which incorporate a 'Pattern' or 'Drip' (e.g. AM 168).

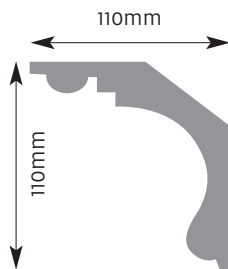

Add character to a property with stunning cornices.

Decorative cornice and coving mouldings can transform an ordinary space into a room full of character. At A.R.M. Fibrous Plaster Mouldings, we can design and manufacture cornice mouldings in a range of finishes.

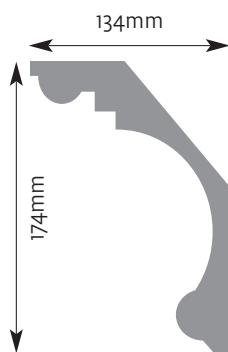

We have a range of preformed cornices available or can create bespoke cornice mouldings for your property. All mouldings are created in-house by our expert craftsmen, resulting in authentic detail and a quality finish.

Ceiling Roses

Hand crafted plaster centrepieces.

Turn your ceiling into a stunning focal point with a fibrous plaster centrepiece. We offer a range of preformed moulds to apply to a ceiling or can create a bespoke design to your specification. We offer a delivery and installation service for customers throughout Hampshire and across the south of England. Decorative plaster centrepieces can be manufactured to suit any size and shape of room.

Each of our preformed fibrous plaster ceiling roses has a unique look and design. If you'd like to create something more personal, a design and drawing service is available to help create your ideal bespoke decorative ceiling.

Panel Mouldings & Dado Rails

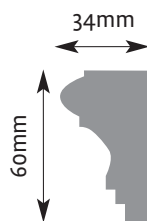

Stylish panel mouldings & dado rails to enhance, and complement your home.

Plaster panel mouldings are used on walls or ceilings for decoration or to separate colour schemes. At A.R.M. Fibrous Plaster Mouldings, Alton, we supply both preformed and bespoke panel mouldings. All panel mouldings are crafted in-house at our workshop in Alton.

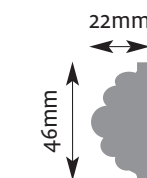

We can supply panel mouldings with matching corner blocks to create a spectacular decorative feature for any room. We only use plaster of the highest quality to ensure our products meet industry standards. We offer a design, manufacture, delivery and installation service for clients throughout Hampshire and across the south of England. Contact us to arrange a survey.

Friezes

Plaster friezes are used to break up large expanses of wall or ceiling and can also be used alongside cornice.

At A.R.M. Fibrous Plaster Mouldings, we design, manufacture and install a range of friezes, which can be used to complement existing cornices if necessary. While designing and manufacturing plaster friezes, our experts take great care to ensure every minute detail is perfectly crafted. If you need our advice to choose a design for your frieze plates, give us a call today.
